

Dec. 31, 2010

Dear Janene,

You have played such a big part in my having a Happy New Year 2010, that from the bottom of my heart, I wish you a Happy New Year 2011!

I am so delighted to call Villa Marie my home. I can't imagine that another skilled nursing facility could have such a wonderful, caring and competent staff! Everyone, everyone makes me feel at home here.

Everyone takes such good care to meet my ~~needs~~ needs that I feel blessed to be here.

I love to keep everything on the light side. I've been so happy how the staff, across the board, has responded to my attempts at humor and just plain having fun!

Thank you for your part in giving us residents a happy, healthy environment in which to live and feel secure.

Again, my very best to you in the coming year.

May God Bless you and your family.

Sincerely,
Judith
